Textured Impressions™ Plus Embossing Folders by Rachael Bright - Available June 2015

Rachael has loved art and design for as long as she can remember. She has a passion for animals and says they seem to find her "like Ace Ventura", if they help or a home. She loves hiking with friends and spending time with her dish-washing rescue dog Lily. She loves to travel (nine countries and counting!) and lived, worked and went to college in Paris, France.

Sizzix® Quilting and Appliqué

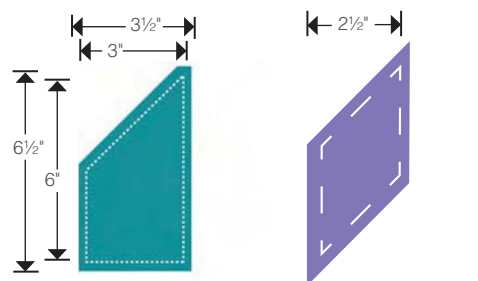

The Sizzix Big Shot™ and Big Shot™ Pro machines paired with our fantastic range of Quilting and Appliqué dies are the perfect companion for beginners and experienced quilters.

Using the machines and our collection of steel-rule dies you can accurately cut through multiple layers of fabrics at once. This is especially useful when creating quilts and eliminates the complications many quilters are faced with when piecing together irregular shapes after using a ruler and rotary cutter.

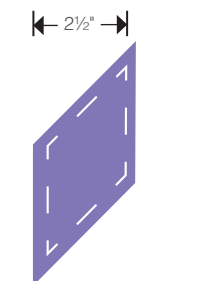

Within the range you will find a collection of popular and traditional quilting dies such as Apple Core, Dresden Plate, Drunkard's Path as well as a variety of hexagons. Along with squares, triangles and trapezoids which are perfect for making block patterns for a full quilt, all in a variety of sizes. Each die also comes with a built in 1/4 inch seam allowance to make piecing together the shapes even easier, whether by hand or by using a sewing machine.

Sizzix® have also launched an exciting range of appliqué dies. With animals and the alphabet, as well as flowers, leaves, hearts and stars, they're perfect for adorning cushions, bed and table runners, placemats and other home décor items.
